

# ZIMMER KENNEDY

## Full Stack Software Developer

Fairbanks, AK | (551) 263-8994 | [kennedyzimmer00@gmail.com](mailto:kennedyzimmer00@gmail.com) | [linkedin.com/in/zimmerkennedy](https://www.linkedin.com/in/zimmerkennedy) | [github.com/ZimmerKennedy](https://github.com/ZimmerKennedy)

### TECHNICAL SKILLS

---

**Frontend:** HTML/CSS/JavaScript - React.js - Redux - TailwindCSS - Styled-Components

**Backend:** Node.js - Express.js - PostgreSQL

**Misc:** Git - Github - NPM - Bash Commands - RESTful APIs - Figma - Excalidraw - Postman -  
Webpack - Vite - Webflow - Render - Vercel

### EXPERIENCE

---

**Manager | United States Army | Fort Wainwright, AK**

**March/2019 - October/2022**

- Managed and supervised a team of 10 while effectively implementing the Army's Oil Analysis Program (AOAP), resulting in a successful identification and prevention of potential component failures.
- Maintained and efficiently repaired a fleet of 18 Strykers to ensure mission readiness for 72 operators.
- Demonstrated exceptional resource management skills by overseeing the maintenance and upkeep of soldier housing and equipment worth over \$500,000, resulting in comfortable and functional living quarters for 100 soldiers.
- Displayed adaptability and proficiency in extreme weather conditions by consistently maintaining mission-ready equipment for extended periods of time.
- Communicated effectively with leadership by providing daily status updates and addressing operational issues.
- Submitted consistent weekly reports on man-hours for Single Soldier housing maintenance to the Department of Defense.
- Recognized for exceptional performance through various awards including the Army Achievement Medal, Army Commendation Medal, and NCO Professional Development Ribbon.

### EDUCATION

---

**Fullstack Academy | Software Engineering Certificate**

- Top-ranked software engineering bootcamp with 8% acceptance rate. 1000+ hours of hands-on coding experience, solo and team project work, with daily focus on Computer Science.
- Skills: Cybersecurity · Solution Architecture · Software Development · Google Cloud Platform (GCP) · IT Security Assessments · JavaScript · React.js · Express.js · Node.js · PostgreSQL · HTML · Cascading Style Sheets (CSS) · Agile Web Development · APIs · TypeScript · SQL · Project Management · Google Cloud · Full-Stack Development

### PROJECTS

---

**[Arti the Chatbot](#) | Full Stack Engineer**

*An app that showcases chatbot functionality, similar to ChatGPT.*

- Built using Vite, Javascript, CSS and OpenAI API
- Frontend rendered using Vercel, Backend Power by Render
- Demonstrates skills in Javascript programming, API integration, and front-end development

**E-Commerce | Full Stack Engineer**

*An e-commerce website connecting sellers and buyers for convenient transactions.*

- Utilized PERN Stack in development with the CRUD operation in mind.
- Utilized React and Redux to create dynamic functionality and incorporated Tailwind CSS to enhance the visual appeal of the project.

- Worked with development team to ensure optimal performance and seamless navigation
- Contributed to codebase management and organization through efficient usage of Github.

### **Pangea | Full Stack Engineer**

*A landlord-tenant app for seamless property management and rental transactions..*

- Collaborated with the team as a lead developer to ensure optimal performance and scalability of the platform.
- Utilized React, Redux and Axios for frontend development, incorporating Styled Components for styling.
- Developed and maintained the platform's backend using Node, Express.js, PSQl and Sequelize.
- Implemented features and functionalities to support seamless communication and data management.
- Provided guidance and leadership to the team in utilizing Github for efficient code management and collaboration.
